Predicting Through Images

Instructions: Look at the image and observe its details carefully. Then answer the following questions.

1. What is the first thing you notice in the image, and what makes it stand out?

2. Look at the background. What does it tell you about where or when this is happening?

3. What mood or meaning do the colors, text, or symbols suggest?

4. How do the parts of the image work together to tell a story?

5. Based on these visual details, what do you think is the main message, or purpose, of this image?
