

## Environmental Problem-Solvers Peer Evaluation Rubric

| Environmental Problem-Solvers Presentation |                                       |  |                                     |
|--|---------------------------------------|--|-------------------------------------|
| What to Look For                           | Excellent (4–5) 🙌                     | Good (2–3) 😊   | Getting There (0–1) 😞               |
| <b>Introduction</b>                        | Easy to understand.                   | Clear, but needs a bit more information/detail.      | Difficult to understand.            |
| <b>Problem Statement</b>                   | Explained very well.                  | Somewhat clear.                                      | Unclear or missing information.     |
| <b>Technology Solution</b>                 | Creative and well-explained solution. | The solution is okay but needs more detail.          | The solution is missing or unclear. |
| <b>Future Ideas</b>                        | Good ideas about the future.          | Shared some ideas.                                   | No ideas shared or off topic.       |
| <b>Presentation Skills</b>                 | Speaks clearly and makes eye contact. | Needs more eye contact and could speak a bit louder. | Difficult to hear or understand.    |
